## Song of the Mowing Machine.

DT J. C. SPERMAN. Away, away I with speed, away!

Among the meadow grasses-

For, moni? the longest summer day, If bright, tor quinkly passes; And I've a pleasant task to do,

Along the greeneward faccing, Whilst in and out, and not and in, My number to the are glancing

Away, away " with speed, away !

Trust not the fool's "to-morrow,"
For sunshine, on a rainy day,
Is hard to buy or horrow;

And broud the farmer's scree, Ere Sol goes down, the "meadow lot"

Away, away! with speed, away? Heed not your thriftless neighbor, For brawny arms have had their day,

And cunning conquers labor. The sinews of a dozen men

Are in my beaum lying—
The sinews of a dozen men,
Ache, age, and toll defying.

Away, away! with speed, away! Among the tangled clover-

The farmer's work with me is play, And having soon is over: And I've a pleasant task to do,

Along the groups and dancing. Whilst in and out, and out and in, My nimble teeth are glabeling.

Commercial says: "There will be much incredulity felt as searches the deep things of God.

to the desire of Col. Marshall to leave the agitation of public questions to others. A few days since, we heard that he was not only very confident of re-election, but believed himself the man set apart for next Speaker of the next House. The probability is that he declines because he can not consistently go with Jo hus F. Bell and the Louisville Journal in their de-South is losing her strong men in the llouse, those whose parliamentary expepower greater than that of mere votes. enterprises, and contributions for the sup-With Stephens, Orr, Letcher, and Mar-port of local charities. ## FOR THE PEAR & CHEONICLE. The Sunday School.

MESSRS. EDITORS: The proceedings of our County Convention last week, clearly brought out several things worthy the attention of all Christian people, viz :

1. There are many places in Union county destitute of religious privileges, where the children are suffered to grow up in ignorance and vice.

2. That the duty of evangelizing those dark corners rests on the Christians of the

county.
3. That the Sunday school is a very important and efficient instrumentality in the 4. Steps should be taken without de-

lay, to establish one in every destitute neighborhood.

we need only refer to several principles The Chevalier de Bienenberg, of Prague, Hafer." The Mr. H. referred to declines to every intelligent christian has discovered a method of effectually prethe eredit, and we desire to know who it evident to every intelligent christian has discovered a method of effectually prehostility to the extension of Slavery over war upon it. Old Time Farming Hints.

From a volume of the Geographical of Miningy Material printed in Allany, N. V., in 1814, we copy some opinions on Fruit Raising, Insects, &c., current 45 years ago. It seems that the Corculo is not a modern plague.—Res

FOR GOOD PARMERS.

There has been for some years an increasing attention to the propagation of fruit trees-but it is to be regretted that Cochran ror-letting the grass grow too near the Foster eling our country in every direction we see this error. The earth should be turned over in the spring and latter part of summer, at least two or three feet from the young trees-and then all the weeds and grass that spring up will rot and be come excellent manure for them. By such culture, trees will grow rapidly, but without it their growth is extremely slow, and they often die without coming to maturity. The importance of raising forest trees is every year more apparent, as there is an increasing scarcity of wood and timber in all the towns-in order to propagate them the young trees must have the same culture as fruit trees.

N. B. In planting all kinds of trees. the hole must be much more extensive our decided disapprobation. than the roots, and be filled up with the All the Convention could do was to of this method of cultivating trees will repoint out the duty, and resolve that is quire more labor for a few years, yet it principles of our government. ought to be done. For the performance will be a great gain, as the trees will be of it, we must look to the faithfulness of larger in seven years than they will grow oppose all attempts to enact a Congres- and domestic matters are kept quiet until of it, we must look to the faithfulness of in Newtown district, in Summissional Slave Code for the Territories, bethe larve are hatched.
